Step-by-step installation of version 11 on Windows

This page shows step-by-step how to install Ancestris version 10 on a Windows system.

Install Ancestris version 11

Follow the instructions below.

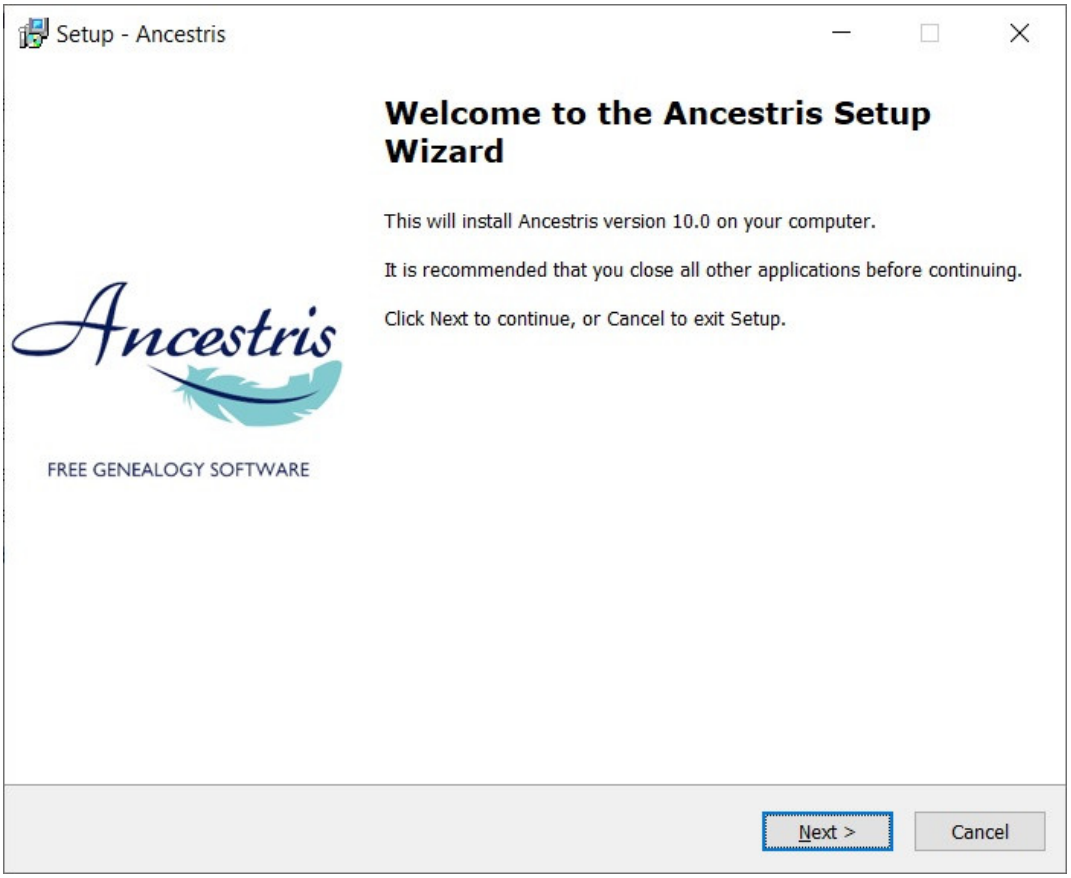

1/4 - DownloadAncestris

- Go to **https://www.ancestris.org**
- Click on 'DOWNLOAD' in the menu
- Click on the **Ancestris 11** button of the Windows panel.
- Downloading may take 3 to 4 minutes as it is about 139 Mb.

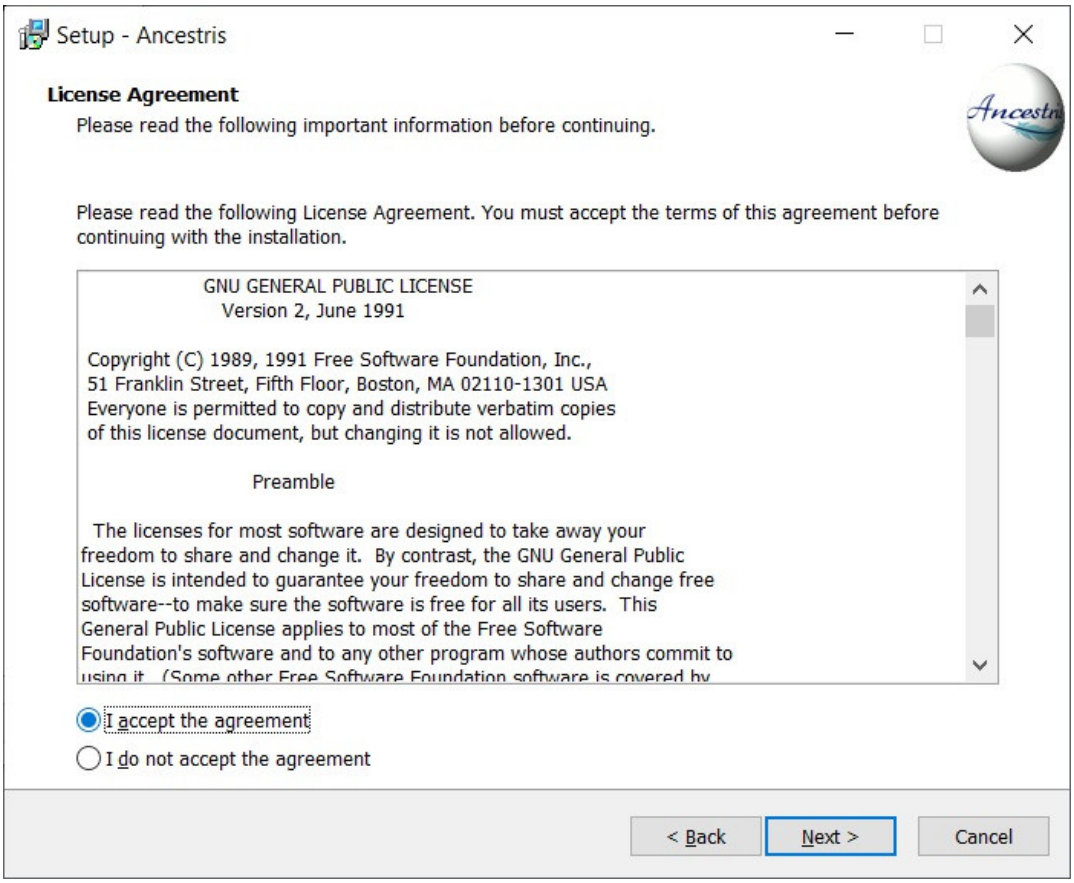

2/4 - Double-click on the downloaded file

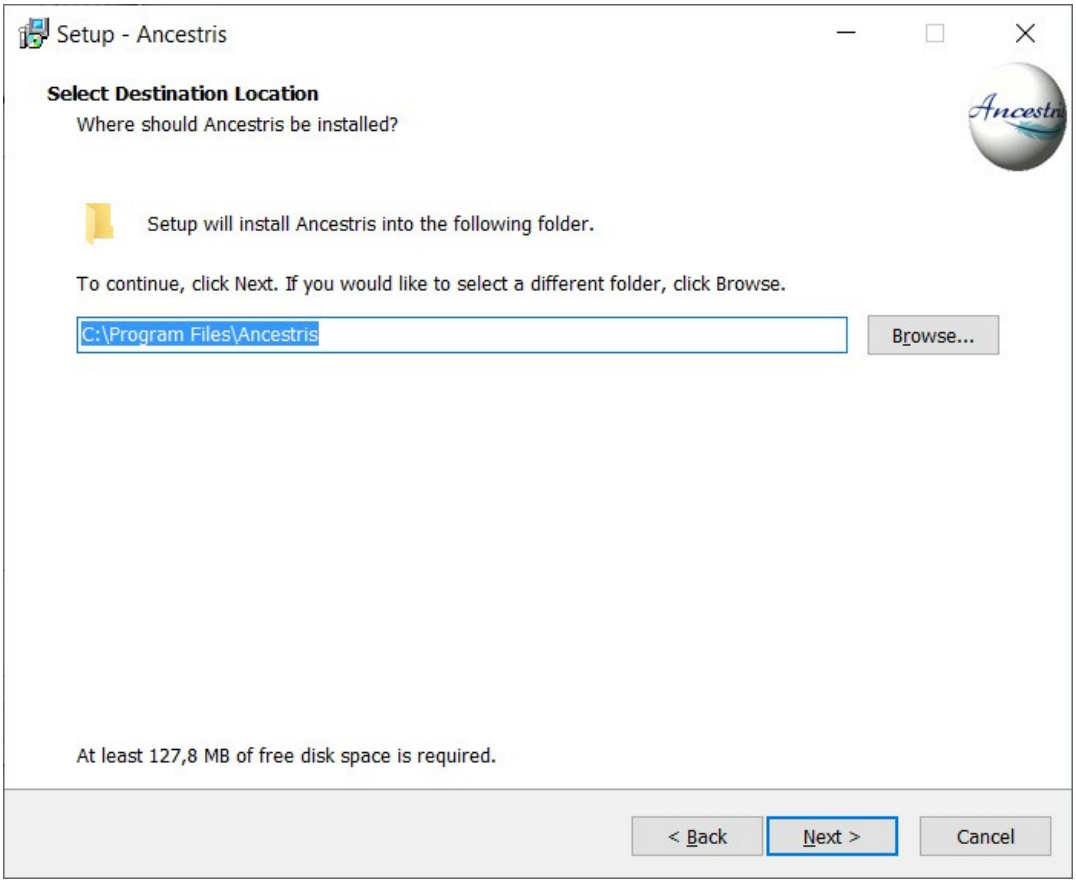

- Ancestris 10 has a setup wizard for Windows.

- Click on **Next**

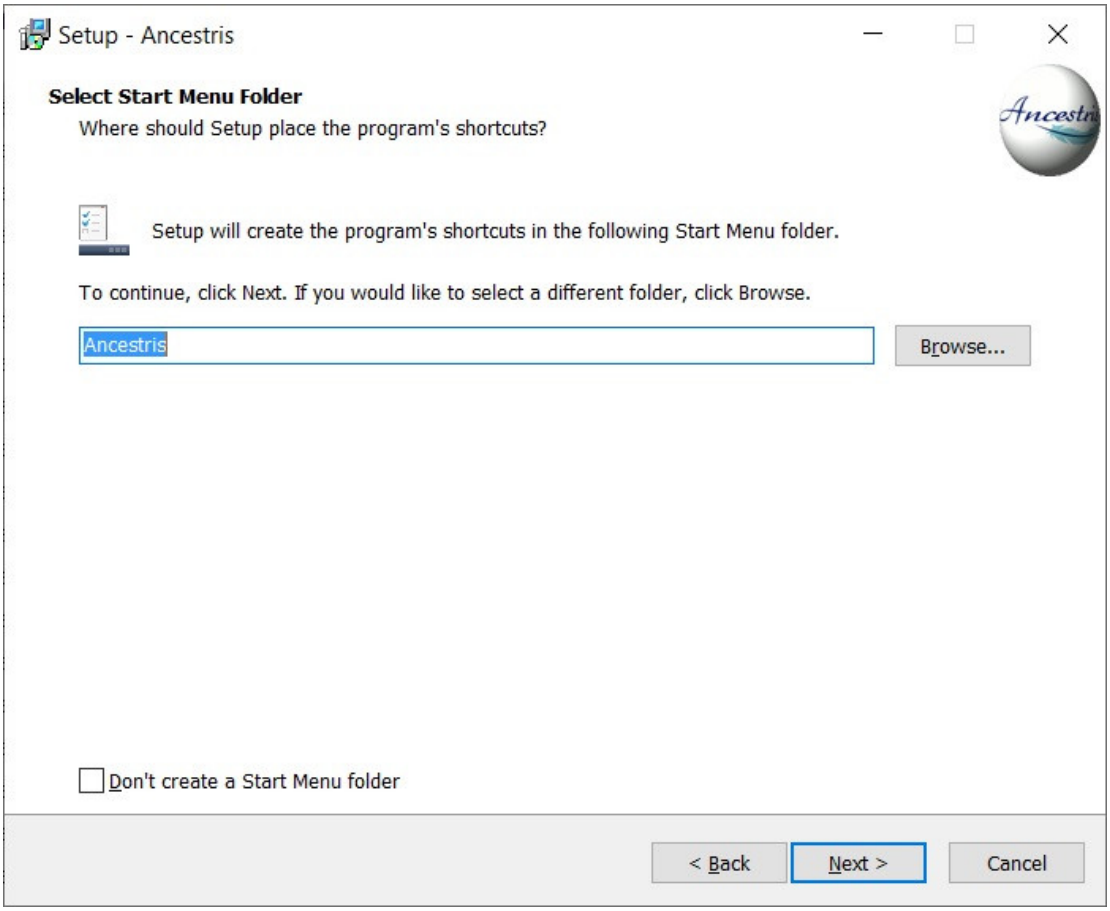

- Accept the agreement then click on **Next**

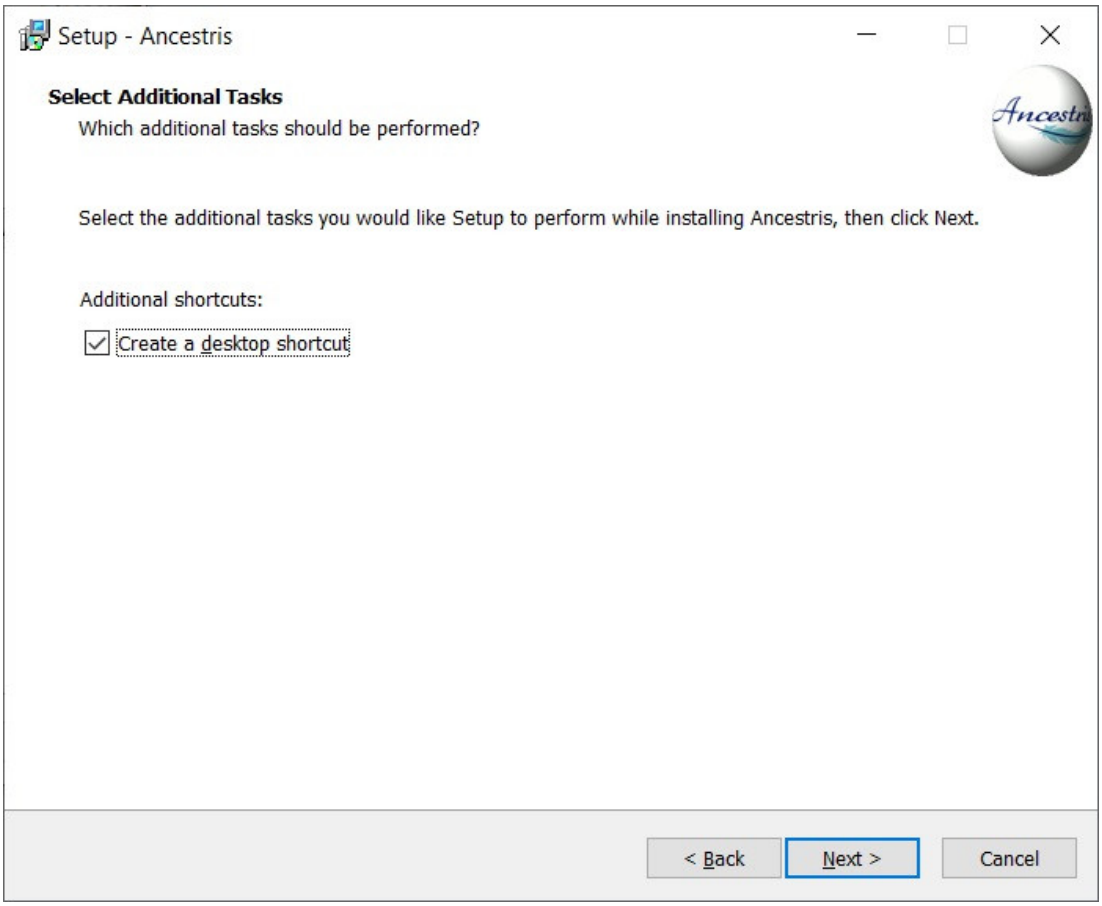

- Choose an install path.

> The path shouldn't have any accent not special caracters.

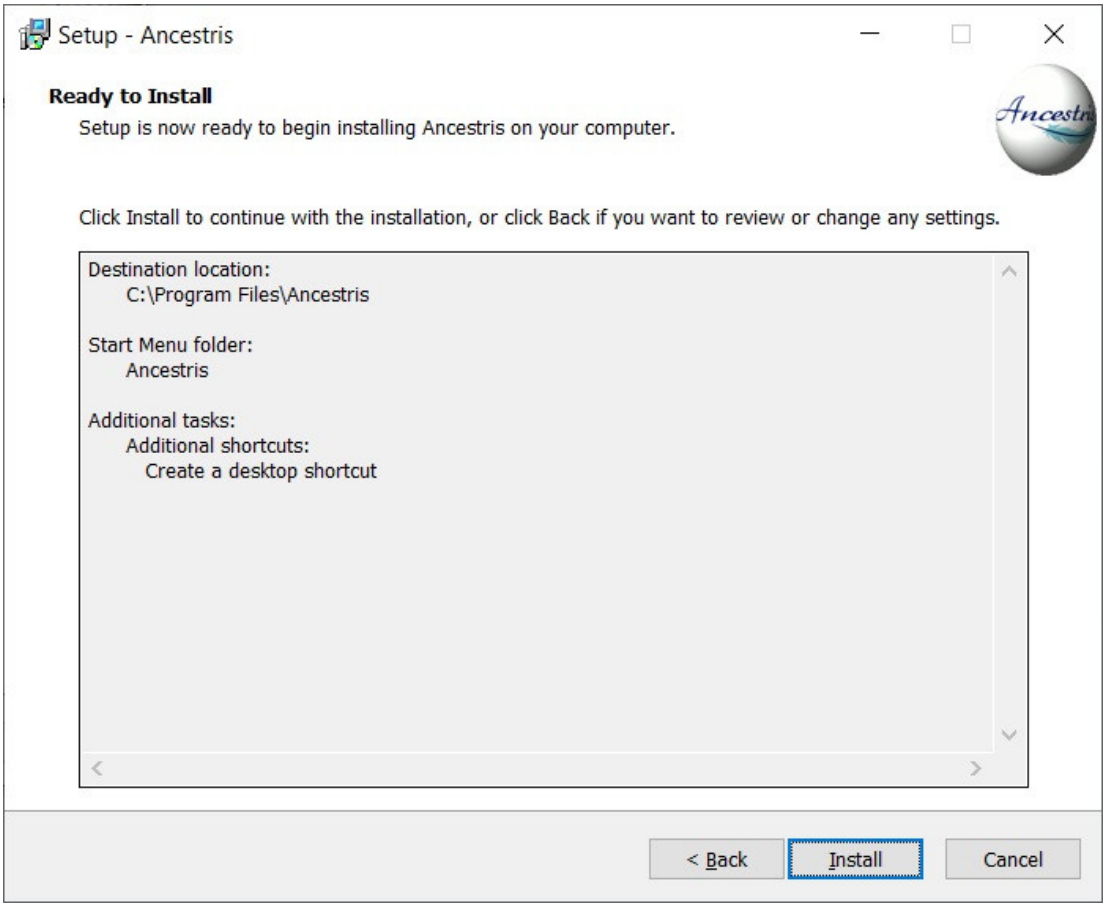

- Then click on **Next**

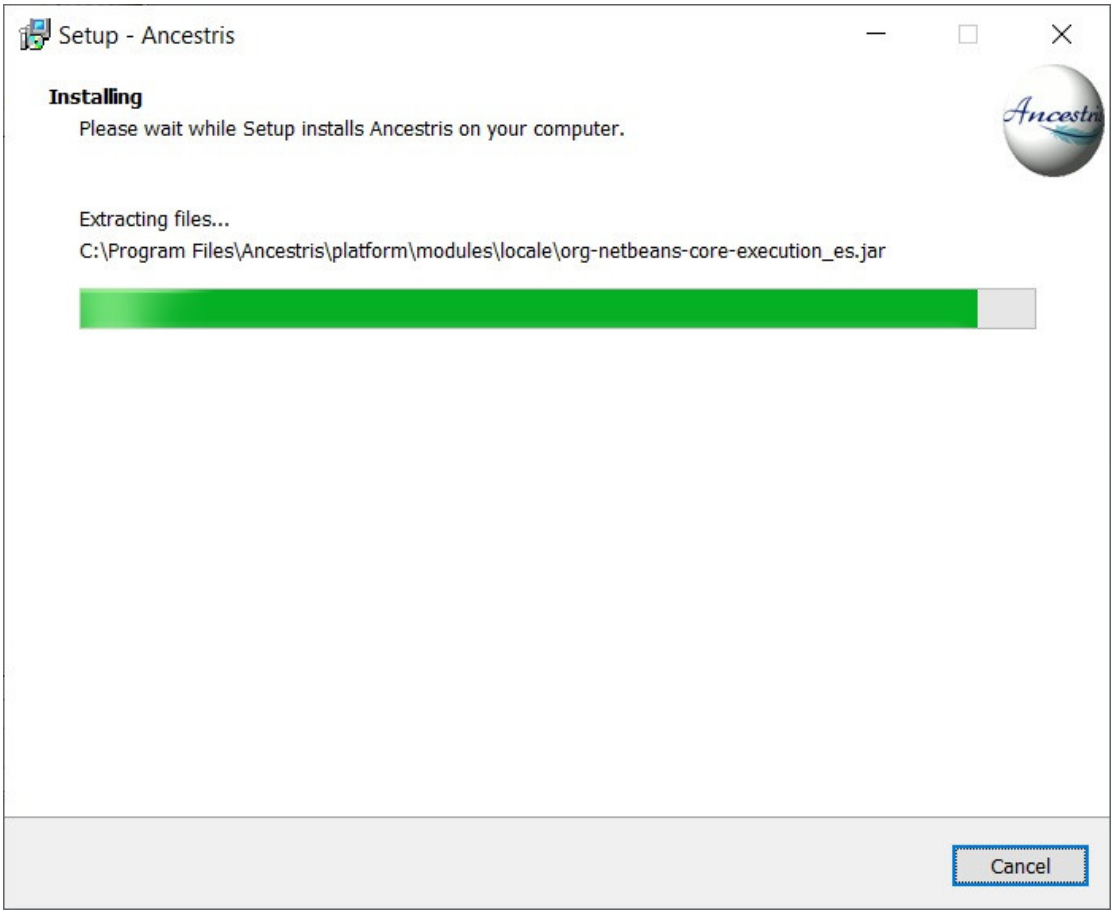

- Define a name for the short-cut in "Start" Menu.
- You can choose not to create any short-cut with the check-box on the bottom of the screen.
- Then click on **Next**

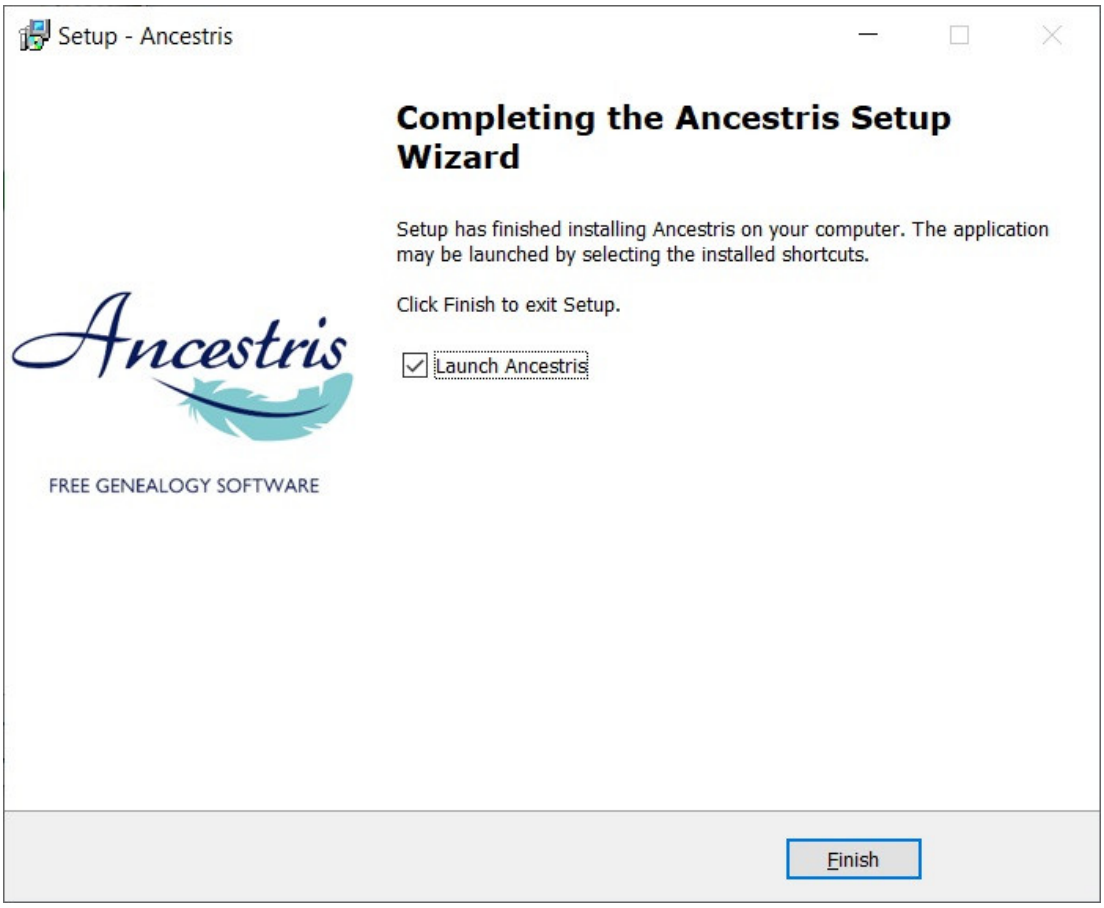

- Check the box to create a short-cut on the desktop.
- Then click on **Next**

- Click on **Install**

- The software is installed on your computer.

- You can launch directly the application with the "Launch Ancestris" check-box

3/4 - Click the short-cut and Ancestris then starts.

4/4 -The Welcome page then appears. You are now ready to use Ancestris.
