

Crear una nueva genealogía

Esta acción ayuda a crear una nueva genealogía.

A continuación se muestra la imagen de la primera página del asistente guía.

The screenshot shows a dialog box titled "Create a genealogy" with a close button (X) in the top right corner. The dialog is divided into two main sections. On the left, under the heading "Steps", is a list of four steps: 1. First individual, 2. Author, 3. Places criteria, and 4. Description. Below this list is a small illustration of a green seedling with two leaves. On the right, under the heading "First individual", is a text area that says: "You will create here the first individual of your genealogy. This individual is probably you ! You will be able to add other information regarding this individual with the Ancestris editors." Below this text are three input fields: "Firstname" with the value "John", "Lastname" with the value "Doe", and "Sex" with two radio buttons (male and female) and two corresponding icons (a man and a woman). At the bottom of the dialog are five buttons: "< Back", "Next >", "Finish", "Cancel", and "Help".

Este asistente ya se ha descrito en esta documentación. Consulte la descripción completa en la página **Descubre Ancestris > Crea tu genealogía**.
