

Utwórz nową genealogię?

Ta akcja pomaga utworzyć nową genealogię.

Poniżej znajduje się obrazek pierwszej strony kreatora, który poprowadzi Cię przez ten proces.

The screenshot shows a window titled "Create a genealogy" with a close button (X) in the top right corner. On the left, a "Steps" sidebar lists four steps: 1. First individual, 2. Author, 3. Places criteria, and 4. Description. Below the list is a small illustration of a green seedling. The main area is titled "First individual" and contains the following text: "You will create here the first individual of your genealogy. This individual is probably you !" and "You will be able to add other information regarding this individual with the Ancestris editors." Below this text are input fields for "Firstname" (containing "John") and "Lastname" (containing "Doe"). Under the "Sex" label, there are two radio buttons; the first is selected and accompanied by a male icon, while the second is unselected and accompanied by a female icon. At the bottom of the window are five buttons: "< Back", "Next >", "Finish", "Cancel", and "Help".
